#### FORT MILL MATTERS

ence The Yorkville Enquire Fort Mill, July 9.-Several fishing parties went out on the Fourth from this place and from neighboring communities. All report a most de-

lightful time.

Mr. and Mrs. George Pittman, Mr. and Mrs. Thomas Pittman and Mess-rs. Calvin and Otis Pittman of Heath Springs, motored to this place July 4 to spend the day with Mr. and Mrs. Meacham Thrower.

Meacham Thrower. Rev. J. R. Smith, pastor of Flint Hill Baptist church, preached in the Fort Mill Baptist church Sunday Dr. A. L. Ott left Sunday night for

a week's vacation to be spent with friends in southern Maryland. Rev. R. K. Timmons, who recently resigned the pastorate of the Fort Mill Presbyterian church to accept the Mill Presbyterian church to accept the presidency of Stillman Institute at Tuscaloosa, Ala., left for his new post of duty Thursday afternoon.

Misses Alieen Barber and Georgia Ott attended the B. Y. P. U. convention in Greenville last week as delegates from the local B. Y. P. U. Rev. W. S. Goodwin, postor of the local Methodist church, has returned from a stay of ten days at his old home in Colleton county.

About What Was to Have Been Expected.-It will not do any good, of course, to express disappointment at

Course, to express disappointment at Governor Manning's action in appointing Mr. Christie Benet of Columbia, to the position of United States senator to serve until Senator Tillman's successor can be elected.

The appointment is inexplicable.

Mr. Benet may be, and doubtless is, a nice sort of chap, but we doubt if anybody except Governor Manning ever thought of him in connection with the senatorship. He is not big enough for the place, for one thing, and he is in no sense a representative man of the state. There are hundreds of men qualified for the senatorship, who have rendered more conspicuous service to the state as a whole and to Gov. Manning personally.

The disappointment is a disappointment to everybody, and Governor Manning's oldest and closest friends have a right to feel more disappointed than anybody else.—Anderson Daily

## VALUES HAVE **INCREASED**

As recently as 1914 it was frequently asserted that one of the prime causes of mysterious fires was over-insurance, and while the assertion may have been true in some instances, in many it was not. Since 1916, especially, there has been undreamed of increases in the cost of building material of all kinds. Including brick, lumber, etc. and also in labor and of all kinds, including brick, lumber, rooting, etc., and also in labor and merchandise, and in many instances no more insurance is carried on buildings or contents than in 1914, and should such property be burned the owners would almost feel that they were hardly insured at all. It is not my purpose to try to induce any property-owner to over-insure, but merely to call attention to the fact that I am in position to furnish Gilt Edge Protection to the extent of three-fourths the actual present cash value of all insurable property, such as dwellings and other buildings, furniture, stocks of merchandise, etc., and to impress the fact that "It is better to be safe than sorry." Don't trust to luck, but to one of the policies that I am prepared sorry." Don't trust to luck, but to one of the policies that I am prepared to issue with millions of dollars and years and yeurs of square dealing be-hind it.
